## Learning Project - to be done throughout the week

Some of these tasks will be set via '[Class Dojo](#)' during the week – please complete them online, as teachers will be able to provide feedback.

- **Music** – Listen to the song '[Beside the Seaside](#)' and see if you can learn the words and tune.

Make sound effects to go along with the story. What could you use to make a seagull noise? What could you use to make the sound of the basket moving along the rope?

- **Art** – Make your own seaside in a bottle, here is a [PowerPoint](#) to help.

Look at some [beach hut art work](#). Can you make your own picture with a row of beach huts that are all different?

- **Design Technology** – Make a junk model lighthouse. Can you use a torch as the light?
- **History** – Find out about the history of lighthouses. Why were they built? Where are they located?
- **Geography** – Use a map / atlas / google maps to look for the locations of lighthouses.
